M-TELESOLUTIONS

The 'on-demand' workforce...

With the advent of all the communications technologies in the market, customers expect to be able to reach someone at a business to get immediate answers and information – without having to leave a message.

Value for Money

Powerful communications with a small business price tag that allows you to pay only for what you need. Completely scalable as your business grows.

Easy to use

Intuitive applications and features your whole team can easily use to empower them to be more productive. The easy installation also means there's no downtime.

Keep connected

Single number reach, DECT mobile handsets, built-in conferencing and voicemail keeps colleagues and customers up-to-date and connected.

Built-In Applications

Includes an expanded and diverse portfolio of InApps. As well as providing compelling business benefits, these built-in/on-board apps require no external PC or server.
